MICROSOFT PROJECT 2003: LEVEL 2

Course Description: Microsoft Project 2003: Level 2 is the second course in the Microsoft Project 2003 series. In Microsoft Project 2003: Level 1, you used your project management skills to create a complete project plan. This course will build upon that knowledge, and give you the opportunity to work with a project plan once it has entered the project implementation phase.

Course Objective: You will exchange project plan data with other applications, update project plans, create custom reports, and reuse project plan information.
