Morning Presenters

Larry Persily serves as the state Legislature’s point person on the federal economic stimulus bill, as a fiscal policy aide to House Finance Committee Co-Chair Mike Hawker, of Anchorage. Formerly, Larry was at the Alaska Department of Revenue as the deputy commissioner for an oil and gas, tax and transportation policy aide in Washington, D.C.

Lucy Kuhns is a civil engineering technical specialist & evangelist for Autodesk. Lucy is a consultant to planning, architectural, surveying, engineering, and construction businesses helping them to leverage the power of 3D modeling and project management technologies.

A.J. Murphy came to Autodesk in 2006 from Bentley Systems, Inc. (and formerly Rebis) where he held positions of Director for Plant Professional Services – N. America as well as Business Development for major projects. At Autodesk, he is responsible for the development of the Plant market in the Americas.

Please visit our web site at www.akcb.com/autodesk.htm for complete biographies on all presenters and more information.
